

Volunteer Local Leader award

Peter Cheese's announcement at the CIPD Northern Area Partnership dinner on 17th June 2015

"One of our centre leaders who promotes distance learning, I know this lady well, she is based in Sussex and has collaborated with branches across the UK, including driving the establishment of CIPD Gibraltar - actually she genuinely did!

She recognized a strong community of CIPD members in Gibraltar and supported them. She literally discovered a network there and brought it under the CIPD umbrella and approached us to work with them.

In her time, many times she has spoken at branch events and is always happy to share knowledge and work collaboratively across the CIPD networks and she has been a great ambassador for CIPD, always striving to keep her teams and wider networks connected in support of all CIPD's activities - Maureen Scholefield."
